**Notes**

1. Returns for the investment options and the ASISA averages are shown net of investment management fees.
2. Returns for periods longer than 12 months have been annualised.
3. Please note that not all of the portfolios listed above are necessarily available for immediate investment. Please refer to the relevant fund's switch form for the latest list of available portfolios.
4. Please note that Acumen's actual returns were augmented with the underlying products' net returns to give an indication of the longer term performance histories.
